## Three Strikes Of The Match

The real story of the birthday of our nation in three 30 minute segments  
11 Am - 1 Pm - 3 Pm

Hear the true stories of April 19, 1775, the day our nation was born!  
It will not be the story you think you know, or the story you heard in school.  
It will be the real story, the story that historians have discovered,  
the story of the first day of the American Revolution.

April 19th was a day of choices, and these are the stories of real people  
who knew the cost of freedom and were willing to pay the price.

This is your chance to learn the authentic history often neglected in twenty-first century classrooms.
